

Propriedades do Campo Text Field

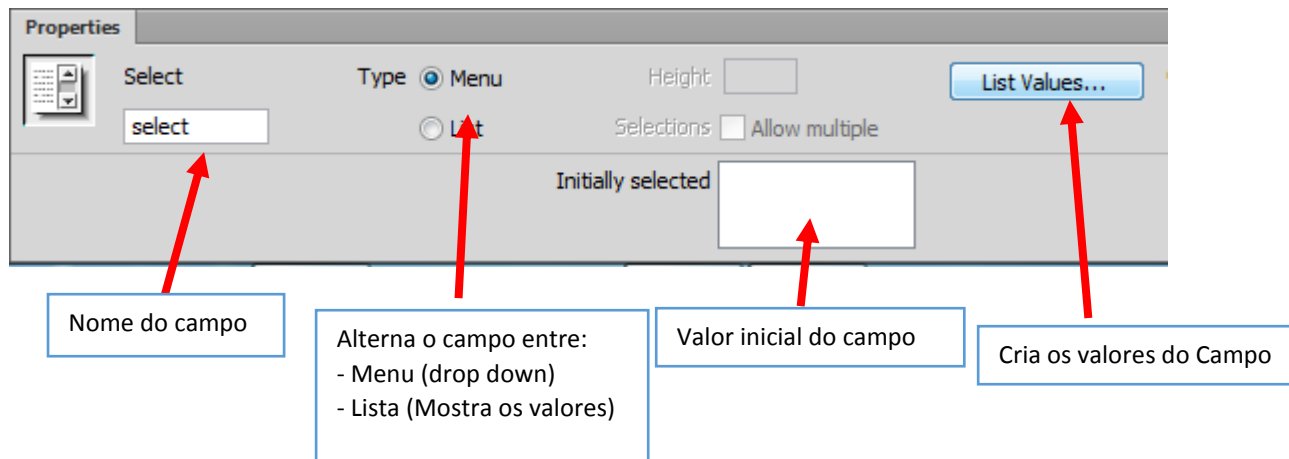

Propriedades do Botão

Propriedade do Radio Button

Propriedade do Select List/Menu

The screenshot shows the 'Properties' window for a 'Select' control. The 'Type' is set to 'Menu'. The 'Initially selected' field is empty. The 'List Values...' button is visible. Red arrows point from text boxes to specific fields: 'select' (field name), 'Menu'/'List' (type selection), 'Initially selected' (initial value), and 'List Values...' (button to create values).

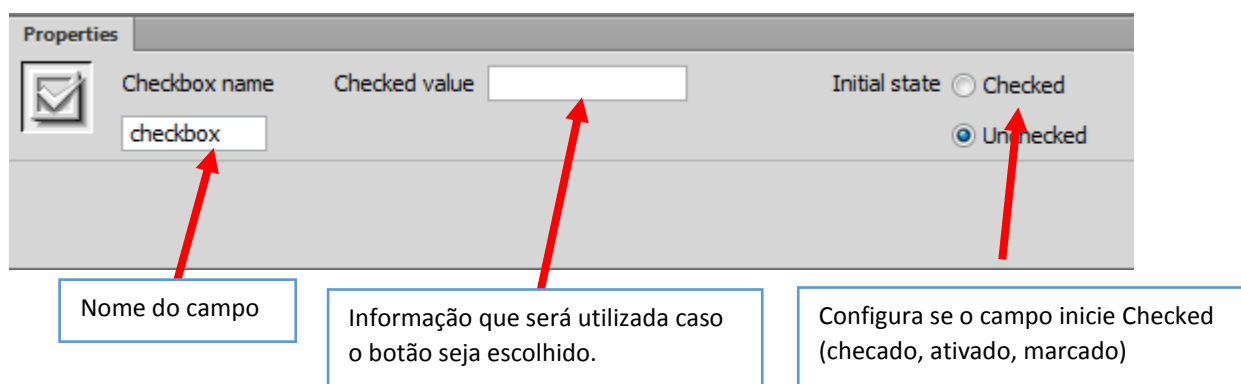

Nome do campo

Alterna o campo entre:
- Menu (drop down)
- Lista (Mostra os valores)

Valor inicial do campo

Cria os valores do Campo

Propriedade do Checkbox

The screenshot shows the 'Properties' window for a 'Checkbox' control. The 'Initial state' is set to 'Unchecked'. Red arrows point from text boxes to 'checkbox' (field name), an empty 'Checked value' field, and the 'Unchecked' radio button.
